StandardAero offers airframe and engine services on the Hawker series aircraft. We pioneered the TFE731 retrofit for earlier Hawkers and still offer outstanding maintenance support on the entire range of aircraft. We perform everything from minor repairs to major alterations at facilities within our service network.

### StandardAero CompleteCare® Services include:

- Airframe Maintenance, Inspections
- Avionics Upgrades and Repairs
- Interior Refurbishment & Upgrades
- Engine Repair, Inspection & Modification
- Exterior Paint

### Repair Authorizations

- FAA - Certified Repair Station - Airframe Class 4
- Certified By The FAA with Organization Designation Authorization
- Electrical & Structural DER's On Staff
- EASA - Approved

### Support When You Need It

We're there, 24/7 – To support our customer's needs, we have strategically located Mobile Service Teams (MST) throughout the United States. These teams are available when you need them. If you need on-site warranty, troubleshooting, scheduled or unscheduled engine maintenance, we're there. Call +1.877.466.7899 (or +1.877.GO.MST.99)

### StandardAero — The Right Choice

At StandardAero, we have retained a team of the most highly experienced experts in the business and developed unique upgrade and retrofit processes. We put our customers and their aircraft first and do what it takes to deliver superior service and maximum performance from your entire aircraft.
