

Rockwell Collins Pro Line 4™ to 21™

Available Features:

Large Format (8"x 10") Active Matrix Liquid Crystal Displays (AMLCD)

- Configurable Primary Flight Displays (PFD) and Multi Function Displays (MFD) Displays
- Wall to Wall Display of Attitude Direction Indicator (ADI)
- Displays Integrated Flight Information System (IFIS)

Improved Situational Awareness

- Electronic Charts
 - GPS Enabled Geo-referencing
- XM® Graphical Weather
- Enhanced Navigation Maps
 - Geographic, Political, Overlays etc
- LPV-WAAS FMS
- Synthetic Vision System (SVS)
- Future Area Navigation System
- (FANS-1A)

New equipment warranty plus extended Corporate Aircraft Coverage Program (CASP) for all remaining flight deck avionics included

StandardAero modernizes your Pro Line 4 equipped Falcon 50EX, 2000 and 2000EX with Pro Line 21 LCD displays to bring next generation integrated display and situational awareness to your flight deck.

How it Works

Pro Line 4 Cathode Ray Tubes (CRT) are replaced by light-weight, high MTBF Pro Line 21 8"x 10" LCD displays. The Pro Line 4 on-board avionics sensors are seamlessly integrated with the flight deck MFDs and PFDs.

Benefits

StandardAero will complete your upgrade with the highest quality to maximize your investment while minimizing downtime.

– Improved Safety

- Geo referenced electronics charts, enhanced maps and weather
- Landing minimums as low as 200 ft and 1/2 mile visibility
- More than 3,556 WAAS-LPV precision approaches are available in the U.S.

– Operational Efficiency and Aircraft Longevity

- Improved reliability with next generation LCD displays
- Electronics Charts provide path to paperless cockpit
- New equipment warranty plus extended CASP for remaining flight deck avionics included
- Provides growth path for EIS, SVS and next generation radar
- Prerequisite for FANS-1A installations

StandardAero — The Right Choice

At StandardAero, we have retained a team of the most highly experienced avionics experts in the business and developed unique avionics upgrade and retrofit processes. We put our customers and their aircraft first and do what it takes to deliver superior service and maximum performance from your entire aircraft.

To find out more about Pro Line 4 to Pro Line 21 and other Avionics programs contact your area representative or visit <http://www.standardaero.com/avionics/default.aspx>
