**Take flight with the latest generation Cabin Management System (CMS) providing the ultimate business and home theater style connectivity. Designed for small to large business jet platforms, Venue is Rockwell Collins' newest generation High Definition (HD) digital CMS.**

## How it Works

Venue is a full system replacement of your existing CMS with a highly reliable and easy to use customizable system which seamlessly integrates entertainment, environmental system control and cabin communications.

## Benefits

StandardAero will complete your upgrade with the highest quality to maximize your investment while minimizing downtime.

### – High System Reliability

- Redundant design with superior diagnostic and maintenance tools
- Extensive warranty plus optional CASP coverage available

### – Intuitive Interface Design

- Easy-to-understand icons and easy-to-read menus

### – Growth capability

- System designed with the latest office in-flight entertainment, communications and connectivity

## StandardAero — The Right Choice

At StandardAero, we have retained a team of the most highly experienced avionics experts in the business and developed unique avionics upgrade and retrofit processes. We put our customers and their aircraft first and do what it takes to deliver superior service and maximum performance from your entire aircraft.
