With StandardAero Platform Services you will have peace of mind knowing your Falcon aircraft has an optimized mission profile with fully supported and updated avionics, airframe and engines.

How it Works

StandardAero's experience and expertise provide support for AOG's, routine and non-routine events and major modifications/upgrades with pre-planning and care – reducing both downtime and expenditures.

Benefits

StandardAero will complete your upgrade with the highest quality to maximize your investment while minimizing downtime.

- Expert consultants available to support your specific avionics needs
- CompleteCare™ Nose-to-Tail Coverage
- Authorized Dassault Service Center (ASC) at each of the three StandardAero locations:

- Augusta, Georgia
- Houston, Texas
- Springfield, Illinois

StandardAero — The Right Choice

At StandardAero, we have retained a team of the most highly experienced avionics experts in the business and developed unique avionics upgrade and retrofit processes. We put our customers and their aircraft first and do what it takes to deliver superior service and maximum performance from your entire aircraft.
