24 X 7 customer service and support for your Falcon 2000

StandardAero's rapid-response approach to CFE738 maintenance and repair is part of our CompleteCare™ support services for the Falcon 2000.

The Right Choice

We put our customers - and their aircraft - first and do what it takes to deliver superior service, and maximum performance and reliability for your engines and your aircraft. StandardAero CompleteCare is the full complement of services we provide to business aviation customers.

Benefits

We deliver unique processes, unsurpassed workmanship and proven results. And, we've performed more CFE738 Mid-Point Inspections (MPI) than any other independent service center in the world.

We have retained a team of the most highly experienced MRO experts anywhere. Our people constantly train and retrain in a real shop setting, to develop new and better skills and processes.

The result? Unsurpassed workmanship and unsurpassed customer support.

That means StandardAero engine services are faster, more efficient and less costly for Falcon 2000 operators over the long term. We can keep you flying with on-wing support when you need it -scheduled or unscheduled.

Repair authorization and certifications:

Honeywell Authorized Service Center (major/minor)
