Your Trusted Service Partner for P&WC PT6A Engines

StandardAero PT6 Field support & service team offers superior service and custom solutions to its customers, and is capable of providing major periodic inspections and repairs for P&WC PT6-series engines. With the industry's top notch on-wing support - around the clock, seven days a week - our well trained, friendly, motivated and experienced engine technicians are determined to meet the specific needs of our valued customers anywhere in the world, while keeping their cost and turn-times down.

More than a dozen Field Service Representatives are strategically located throughout the world, including Canada, USA, the Netherlands, Singapore and Australia, to facilitate rapid response time in order to attend to customer events. All of our American reps are FAA certified, while our Canadian reps are Transport Canada & EASA certified and are enrolled in an FAA-certified random drug and alcohol testing program.

How StandardAero Keeps You Flying:

- Engine Removal & Inspection
- Full Borescope Inspection
- Accessory Gear Box Repair
- Foreign Object Debris Repair
- Line Replaceable Unit (LRU) Removal & Inspection
- Power Section Repair

Your Trusted Service Partner for P&WC PT6A Engines

Maintenance, Repair & Overhaul

24/7 Field Service Support

Strategically located to support you **wherever** and **whenever** you need it.

With world-class facilities, service centers and field service support located throughout the world, our knowledgeable team has been dedicated to successful mission support for over a quarter century.

Our customers say it best...

“When minutes mattered, StandardAero produced. Something to keep in mind in the future, I think, especially when you have a customer that needs something done right and done fast.”

— Joe Weber, *President of PT6 Power*

“With all of my experience as an aircraft manager and aviator, I have not experienced ANY company with such dedication as StandardAero, they always provide the best support to our mission.”

— Eddie Hale, *Corporate Travel Management*

Exceeding customer expectations is a concept that advances us beyond traditional MRO and embodies the StandardAero culture: A comprehensive suite of support services ranging from field support, engine upgrades, life extending repairs, accessory repair and overhaul, rental support, logistic support, program management, certification services and training, and relying on a global network of MRO specialties and capabilities.
