

YOUR READINESS IS OUR FIRST PRIORITY

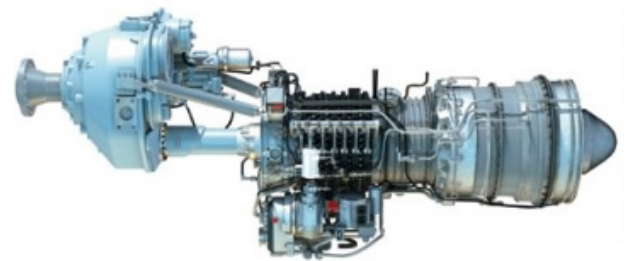

Rolls-Royce AE 2100

StandardAero is a Rolls-Royce approved AE 2100 Heavy Maintenance Center and a leader for AE2100 engine repairs and overhauls. Supporting AE 2100 operators since 1993, StandardAero has processed over 1,000 engines, giving us a level of experience to provide unmatched service. Our experience level allows us to optimize worksopes, make the best possible use of repair vs. replacement, and deliver the best combination of cost and reliability. In 2018, StandardAero signed a 20-year Memorandum of Agreement (MOA) with Rolls-Royce to provide comprehensive maintenance, repair, and overhaul (MRO) services for the AE 2100, AE 1007 and T56 Series IV engine models. In addition to engine MRO, StandardAero also provides comprehensive C-130J QEC nacelle and accessory maintenance support as a Lockheed licensed C-130 QEC Service Center.

Service Capabilities:

- Complete AE 2011A, AE 2100D2, and AE 2011D3 MRO
- OEM-certified repair station for hot section, cold section, and propeller gearbox
