

# PT6A

## More Support. More Service. More Capability.

To optimize our service of the PT6A, we've built facilities and infrastructures that are specifically designed for the component repair and overhaul of these engines. These facilities are fully approved by Aviation Regulatory Bodies and Pratt & Whitney Canada. Our dedicated on-site PT6A experts provide effective support to our customers, including consistent communication and a commitment to repair rather than replace worn or damaged engine parts whenever possible.

### PT6A Services Provided From Six Locations:

- *Winnipeg, Canada*
- *Maryville, TN*
- *Tilburg, The Netherlands*
- *Sydney, Australia*
- *Pretoria, South Africa*
- *Calgary, Canada*

### We're There, 24/7

Our field service support team is available 24 hours a day to provide emergency and troubleshooting support anywhere in the world. We focus our programs to the operators to ensure that you receive the best, up-to-date information to service your engine requirements.

### Custom Solutions, Fast Turn Times

Whether a support team is dispatched to your facility or your engine is being overhauled at our shop, StandardAero has the deep expertise and specialized facilities to customize a work plan to meet your needs and minimize your downtime.
