

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA357GL-D

This certificate, issued to Garrett Aviation Services
2 North Airport Drive
Capital Airport
Springfield, IL 62707

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations. See Type Certificate Data Sheet A7EU for complete certification basis.

Original Product — Type Certificate Number: A7EU
Make: Dassault Aviation
Model: Mystere Falcon 200

Description of Type Design Change:

Installation of three flexible lines from the oil sump scavenge tubes through the pylon firewall to the pylon inspection door to enable ground checks to be accomplished without removing the engine cowl.

Limitations and Conditions:

Data pertaining to this modification is considered to be inadequate for duplication in other aircraft. This approval is limited to the installation made in Mystere Falcon, Model 200, Serial Number 502, only.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 4, 1987

Date issued: June 30, 1994

Date of issuance: August 5, 1987

Date amended:
