

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA4301WE

This certificate, issued to Garrett General Aviation Services Division

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product — Type Certificate Number: A46EU

Make: Dassault-Breguet

Model: Falcon 50

Description of Type Design Change: Installation of Jump Seat in accordance with AiResearch Aviation Co. Drawing List IL 1101771, Revision B, dated September 25, 1980 or later FAA approved revision.

Limitations and Conditions: The approval of this change in type design applies basically to the above listed models only. This approval should not be extended to other specific airplanes of these models on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of the other previously approved modifications will introduce no adverse effect upon the airworthiness of the above listed airplanes.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 23, 1980

Date reissued: April 8, 1988

Date of issuance: March 2, 1981

Date amended:

By direction of the Administrator
Maurice F. Lammelsberg
Actg. Manager, Western Aircraft
