

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA3578NM

This certificate, issued to Western Commander, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the Civil Air Regulations. [*For certification basis of this modification see page 3]

Original Product — Type Certificate Number: A12EA

Make: Gulfstream Aerospace Corporation

Model: G-1159, G-1159B

Description of Type Design Change: Installation of five tube Bendix EFS-10 Electronic Flight Instrument System (EFIS) in accordance with FAA sealed Western Commander, Inc. Top Drawing No. 02000046 revision N/C dated November 15, 1986 or later FAA sealed revision.

Western Commander, Inc. Airplane Flight Manual Supplement, Document No. 02015024, FAA approved on March 25, 1987, or later FAA approved revision is required as part of this modification.

Limitations and Conditions: The approval of this change in type design applies basically to the above listed model airplanes only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect on the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 9, 1986

Date reissued:

Date of issuance: March 26, 1987

Date amended:

By direction of the Administrator
