

Lewis Prebble

President, Airlines & Fleets

Lewis Prebble serves as President, Airlines & Fleets. As the leader of StandardAero's largest division, Prebble is responsible for the operational and financial performance of the multiple business units comprising Airlines & Fleets. He joined StandardAero in April, 2021 and serves as a member of the company's Executive Leadership Team.

Prior to joining StandardAero, Prebble served as Senior Vice President for the Americas at Rolls-Royce, leading the company's \$1 billion airline-facing jet engine business where he was responsible for delivering comprehensive end-to-end customer experiences over the entire engine product life cycle. He has more than 25 years of impactful aerospace experience working in the aircraft engine and airline industries. During his career, Prebble has held multiple executive positions including Senior Vice President, Customer Business – Bombardier, Vice President, Customer Business – Americas, Head of Business Development & Marketing, Services and Sales Director – Asia Pacific at Rolls-Royce. Prior to that, he worked five years in strategic positions for Air New Zealand and was located in Auckland.

Prebble holds an Executive MBA from the Darden School of Business at the University of Virginia and a Bachelor of Commerce & Administration from Victoria University in Wellington, New Zealand. He is a New Zealand citizen, British citizen and United States permanent resident.

StandardAero is one of the world's largest independent providers of services including engine and airframe maintenance, repair and overhaul, engine component repair, engineering services, interior completions and paint applications. StandardAero serves a diverse array of customers in business and general aviation, airline, military, helicopter, components and energy markets. StandardAero is owned by global investment firm The Carlyle Group.
