

StandardAero

A black and white photograph showing two technicians working on a large aircraft engine. One technician is on a ladder to the left, looking towards the camera, while the other is below the engine, looking up. The engine is mounted on a wing. The background shows a cloudy sky. The image is framed by a blue border with white swooshes.

Global Aircraft MRO Support

StandardAero is one of the aerospace industry's largest independent maintenance, repair, and overhaul (MRO) providers. Our unmatched support and personalized customer service is second to none.

StandardAero offers extensive MRO services and custom solutions for **business aviation, commercial aviation, military** and **industrial power** customers. Over 7,000 professional, administrative and technical employees work in more than 50 StandardAero facilities worldwide, with additional strategically located regional service and support centers across the globe.

A photograph of three StandardAero technicians sitting in a hangar. They are wearing dark blue polo shirts with the StandardAero logo. The technician on the left is wearing glasses and has a name tag. The technician in the middle is also wearing glasses. The technician on the right is wearing safety glasses and has a name tag. They are all smiling at the camera. The background shows the interior of a hangar with various aircraft parts and equipment.

We provide the following capabilities through our network of Centers of Excellence and Mobile Service Teams:

- + MRO for fixed-wing aircraft, engines & APUs
- + Rotorcraft and component MRO
- + Airframe inspections and major modifications
- + FAA-authorized avionics capabilities
- + Comprehensive engineering services
- + Custom exterior, paint, and interior design
