

Kim Ashmun President - Component Repair Services

Kim Ashmun was appointed President of Component Repair Services in September 2022. Prior to joining StandardAero, Ms. Ashmun served in a variety of technical, program and executive leadership positions at Lockheed Martin, including Vice President of Global Supply Chain Operations for the Sikorsky line of business from February 2022 to September 2022, Director, Global Sustainment Program Integration for Training and Logistics Solutions from August 2019 to February 2022 and Director, F-35 International Subcontract Program Manager from November 2016 to August 2019. Ms. Ashmun has more than 20 years of leadership experience in the aerospace industry, having begun her career as a manufacturing engineer for Lockheed Martin Aeronautics with roles in engineering and operations supporting the F-35 program. Ms. Ashmun holds an M.B.A. from Southern Methodist University, a Master of Science in system engineering from Southern Methodist University and a Bachelor of Science in engineering and manufacturing technology from Texas A&M University. In addition, she has completed Lockheed Martin's Engineering Leadership Development Program and multiple executive courses from Columbia Business School and UC Berkeley Executive Education.
