

Lloyd Barker

Senior Vice President – Quality, Sustainability, Environmental Health & Safety and Security

Lloyd Barker joined StandardAero as Senior Vice President, Engineering & Quality in February 2018 and leads the company’s technology development, engineering, quality and environmental functions. Prior to joining StandardAero, Mr. Barker served as Director, Corporate Quality for Arconic Inc., where he led the development of Arconic’s global Quality Assurance strategy, providing corporate governance and risk oversight to assure process and product integrity while ensuring compliance with customer and regulatory requirements. Prior to that, he served as Director of Corporate Quality at Alcoa Inc. and previously had been Director of Corporate Quality for Howmet Castings before Alcoa acquired it in 2000. Earlier, he completed a 13-year career with Honeywell Aerospace Engines & Systems (formerly AlliedSignal and Textron Lycoming) serving in the capacity of Director, Supplier Quality Assurance, Manager of Engine & Component Test operations and several other operations management positions. Mr. Barker was appointed by the U.S. Department of Commerce Secretary to serve as a member on the Board of Overseers of the Malcolm Baldrige National Quality Award (MBQNA) in 2016 and has served as an MBQNA Judge for four years. He also holds a number awards and credentials including a Federal Aviation Administration Airframe & Powerplant license, numerous certifications from ASQ and is Green Belt certified.
