

Kim Ernzen

Chief Operating Officer

Kim Ernzen serves as Chief Operating Officer for StandardAero. She is responsible for global operational performance, efficiency and excellence, as well as engineering and supply chain management for StandardAero. In addition, StandardAero's Engine Services and Component Repair Services division Presidents report directly to Ms. Ernzen, who maintains close oversight of the company's overall business performance. She reports directly to the Chairman & CEO and serves as a member of the company's Executive Leadership Team. Ms. Ernzen joined StandardAero in May, 2024. Prior to joining the company, Ms. Ernzen served as President of Naval Power for Raytheon Technologies overseeing a \$6 billion division with programs supporting the U.S. Military and its global allies along with a full range of Raytheon's offerings, while managing a complex portfolio across all life cycle phases. She is a seasoned aerospace and defense industry executive with more than 25 years of experience working at Cessna, Hawker Beechcraft and Raytheon/RTX Corporation. Ms. Ernzen holds a Bachelor of Science degree in Aerospace Engineering, a Master of Science degree in Aeronautical Engineering and an MBA degree – all from Wichita State University. In addition, she completed Raytheon's Executive Leadership, Engineering Leadership Development and Principles of Leadership programs and is a recipient of the Raytheon CEO award.

StandardAero is a leading independent pure-play provider of aerospace engine aftermarket services for fixed- and rotary-wing aircraft, serving the commercial, military and business aviation end markets. StandardAero provides a comprehensive suite of critical, value-added aftermarket solutions, including engine maintenance, repair and overhaul, engine component repair, on-wing and field service support, asset management and engineering solutions. StandardAero is an NYSE listed company under the ticker symbol SARO.
