

Marc Drobny

President Engine Services - Military, Helicopters & Energy

Marc Drobny serves as President Engine Services - Military, Helicopters & Energy. He is responsible for the overall performance, global customer satisfaction and growth of StandardAero's military engine and rotary wing MRO facilities which are located in the U.S., Canada, United Kingdom and the Netherlands. In addition, he leads the company's industrial gas turbine repair and overhaul business serving the energy/power generation marketplace. Mr. Drobny is a member of the company's Executive Leadership Team.

He joined StandardAero in March 2018 and previously served as President of StandardAero's Business Aviation division. Prior to StandardAero, Mr. Drobny served as President of Executive Jet Management, the aircraft management and charter division of the Berkshire Hathaway subsidiary NetJets Inc., and one of the largest business jet operators in the world with over 200 aircraft and more than 50 different aircraft types under management. During his nearly 13 years at Executive Jet Management, Mr. Drobny served in a variety of strategic, operational, sales, marketing, customer service and executive roles, capping off his career there as President of a +\$400M business. Prior to Executive Jet Management, Mr. Drobny served for more than a decade with the U.S. Navy, rising through the ranks as an FA-18 Pilot and Test Pilot to serve as Department Head leading the operations, safety and administrative departments for a Navy FA-18 squadron, including several combat deployments aboard various aircraft carriers. Mr. Drobny has accumulated more than 2,000 flight hours and 350 carrier landings across 22 types of airplanes and helicopters. Mr. Drobny holds a Bachelor of Science degree in Aeronautical Engineering from the United States Naval Academy at Annapolis and is a graduate of the United States Navy Test Pilot School in Patuxent River, Maryland.

StandardAero is a leading independent pure-play provider of aerospace engine aftermarket services for fixed- and rotary-wing aircraft, serving the commercial, military and business aviation end markets. StandardAero provides a comprehensive suite of critical, value-added aftermarket solutions, including engine maintenance, repair and overhaul, engine component repair, on-wing and field service support, asset management and engineering solutions. StandardAero is an NYSE listed company under the ticker symbol SARO.
